Dr. Initials/Date: _____ / _____

ESTABLISHED SYMPTOM CHECKLIST FOR SCHOOL-AGE

Appointment Date: ____ / ____ / ____

Full Legal Name: _____ Date of Birth: ____ / ____ / ____ Age: _____

Reason for today's visit: _____

Changes/Concerns since last visual evaluation: _____

How often does each symptom occur?

*Symptoms are organized into areas of vision they may affect the most, however, **many** symptoms can be related to several different visual problems.*

If you feel this symptom checklist is not appropriate for your child, please feel free to only fill out what is applicable or write us a brief summary of your child and their unique abilities or struggles.

Never (N)	Occasionally (O)	Frequently (F)	Always (A)
--------------	---------------------	-------------------	---------------

Visual Comfort

Eyes hurt and/or feel tired				
Headaches during or after visual activity				
Falls asleep or feels fatigued while reading				
Rubs eyes during or after visual activity				
Vision worse at end of day				
Dizziness, nausea with near work				
Carsickness/motion sickness				
Bothered by light
